

VIJAYA CHRONICLE

2018-2019

**VIJAYA
SCHOOL**

Hassan

As I trace back my journey with the Vijaya family, I can recall the curious minds with enormous potentials entering our school wanting to know more about the world. These potentials of children give me an immense sense of responsibility to create a robust learning environment where children can grow to become active citizens with strong values and competence. We the management, go an extra mile to develop all the five facets of students' development-physical, intellectual, psychological, social and spiritual.

I want to acknowledge one of the greatest accomplishments of our school, the academic excellence along with co-curricular achievements of students. M.K. Kaveriyappa of our school claimed the coveted top spot and stood as a State Topper in the S.S.L.C. public examination 2018-19. Our students have made great strides in sports also. The Department of Youth Services and Sports awarded a cash prize of Rs. 3,60,000/- for their outstanding achievements in sports.

In the coming years, with our strong philosophy, constant support and faith of stakeholders in our service, we would be providing our students with many platforms to develop general aptitude, math and science competencies and life skills.

We are a school that believes in bridging science and spirituality. We conduct array of activities and workshops for students and teachers to develop scientific temperament, values, and spiritual consciousness. This foundation at Vijay empowers the students to face the challenges in the fast changing world. Our unique legacy has been creating community of learners to create a new consciousness for sustainable and peaceful world. In this regard, we deeply involve students, teachers, parents and local community to develop knowledge and skills for eco-friendly and sustainable living in this century.

Today's India needs citizens who are rational and grounded in Indian values to take the nation to greater heights. We wish to create students who will actively engage in the development of the self and the nation.

I wish all the students a Happy Learning.

Tara S. Swamy
Administrator

Dear parents and family members, our school envisages to encourage all the students to achieve personal excellence in a wide range of academic, cultural, environmental and sporting activities and develop the life skills and sense of personal responsibility which they need to realize to their fullest potential. We recognize that this goes beyond the basic requirements of success in exams.

We always strive to help the students stimulate their strengths and work towards bringing out and enriching their innate talents. The holistic development of an individual is our goal. Let's march together to achieve our vision through the effective mission of our school. Our vision is to become an excellent Learning Centre focusing on Academic Excellence, Values and Life Skills.

The result of SSLC Examination 2017-18 was very impressive. Out of **171** students **43** students secured **600** and above out of **625**. Eighty seven students secured **A+** (90% and above), **60** students secured **A** (80% to 90%), **14** students secured **B+** (70% to 79%), **8** students secured **B** (60% to 69%) and the remaining ones came through. Apart from this, like a cherry on the pie, our student, M.K. Kaveriyappa came out as the State Topper scoring **625/625**. Hima B. followed suit and came out as the second State Topper scoring **624/625**.

A sweet and proud moment for Vijaya Family – the Honourable Governor of Karnataka His Excellency Mr. Vajubhai Vala congratulates M.K. Kaveriappa for becoming the state Topper in the X Board Exam.

Hon. Governor Mr. Vajubhai Vala felicitating Kaveriappa

The Administrator, Ms. Tara S. Swamy along with Ms. Sreelakshmi S., a Research Fellow, teachers and staff welcomed our students on 21st May. It was a memorable day as the light, symbol of wisdom, was lit from the abode of Saraswathy and passed on to the hands of our dear students to keep the light alive with their daily commitment to learning. New students and teachers were cordially welcomed.

Sharing the light of knowledge with delight

Kindling the light of wisdom

We have to acknowledge that nature is the provider of everything. Therefore it is our prime duty to contribute positively to nurture our environment. As a humble contribution, our Institution has adopted M.G. Park, Vidyanagar which was in a dilapidated condition and renovated the same by planting flowering plants, trees and installing gym equipments and play things. Now it has turned out to be a beautiful park for morning walkers and for the children to play. The park was looking magnificent with blooming yellow Marigold flowers during Deepavali. The park was illuminated on the occasion of Deepavali which was spectacular and earned accolades from the public.

Vijaya School celebrated Gandhi Jayanti on October 2nd to commemorate the birthday of Mohandas Karamchand Gandhi, the father of our nation and a pioneer of truth and non-violence. The programme began with the morning assembly highlighting the significance of the day. A devotional ambience prevailed as the programme started with "Raghupathi Raghava Rajaram" and other bhajans dedicated to Gandhiji.

Celebrating Gandhi Jayanti

The valuable guidance of our beloved Administrator Ms. Tara S. Swamy and the efforts of our committed staff have taken our Vijaya institution to the pinnacle of success as we have reached a splendid milestone in the SSLC board examination.

State topper M. K. Kaveriyappa and second topper Hima B. were felicitated. Along with them centum achievers of SSLC 2017-18 were felicitated with cash prize and Vijayashree awards. The school is scaling greater heights year after year with the valuable co-operation of parents which is second to none.

Vijaya School is a place where we focus on the holistic development of each child. Our Institution encourages our students not only to develop their academic skills but also all other talents. The school provides various platforms for the blossoming of their skills. New musical instruments were procured to encourage the musical talents in our children.

Ayudha Pooja Celebration

Kannada Rajoytsava, the birthday of Karnataka is celebrated with great fervour all over the world where Kannadigas are present. In 1956 all the Kannada language speaking regions of South India were merged to form Karnataka State. It was a colourful celebration in our school. The dignitaries were welcomed in a traditional manner. We hosted varieties of programmes to remember the richness of our culture.

Celebrating Kannada Rajyothsava

Children's Day

"The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country". *J. Nehru*

It is beautiful to spend time with children as they open the door to happiness. Our Administrator rhapsodized the children about the importance of acquiring LSRW skills from their very young age. The teachers staged wonderful programmes to amuse and enthuse the children.

Observing National Unity. H.M administering the oath

Eco-friendly Deepavali

Deepavali is a celebration associated with lights. When we hear of celebrations that evoke fun and frisk, we often fail to comprehend the ill-sides of them. What a horrible impact it has on humans and the animals! The worst consequence of bursting crackers is air pollution. The high levels of noise is harmful; the pollution of environment by plastic and debris recklessly thrown around are on the rise which create havoc on the environment. In this context we persuade and encourage our children to celebrate Deepavali in an eco-friendly manner by not bursting crackers. Children responded enthusiastically to this appeal. Those who answered our call were honoured with the badges 'We are Eco-friends'. Children wear this badge with pride and satisfaction and feel that they are the part of the growing community of people who protects and safeguards our mother nature.
