

VIJAYA CHRONICLE 2019-20

VIJAYA
SCHOOL

Hassan

Founder's Note

Our core focus is on students' holistic learning. We conduct a host of activities to develop five facets of student's development and we proudly call it as our unique legacy. Every day, our teachers try their best to engage all students in learning and challenge them to do better.

Our academic team works meticulously to design learning experiences to empower students to face the world with confidence and integrity. We believe each child has the power to make an impact if the right platform is provided. The annual school themes like save water save earth, say no to junk food have created greater awareness among students and parent community. We have several testimonials of students taking well-informed decisions at various level.

We are proud of our contributions in the field of academics, environmental conservation and social welfare. In academics, our students have once again topped the SSLC examination and secured state rank positions. Apart from the academic success, we have been consistently working towards the conservation of nature in our community. To name a few initiatives, we have adopted a few ponds in the vicinity and contributed substantially to the flood victims.

The triadic collaboration of students, teachers and parents enable us to create a vibrant learning ethos at Vijaya. The seamless integration of co- curricular and extra- curricular activities with academics allow our students to develop array of attitudes, skills and concepts which help them excel in life. We find our students as open minded, independent and knowledgeable individuals who will be active citizens of our country.

At Vijaya, we nurture the culture of learning in any possible way among students, teachers and parents. This makes us a life- long learning community.

I invite all students, teachers and parents to join our community as we bring the spirit of life- long learning to life.

Tara S Swamy
Founder Director
Vijaya School
Hassan.

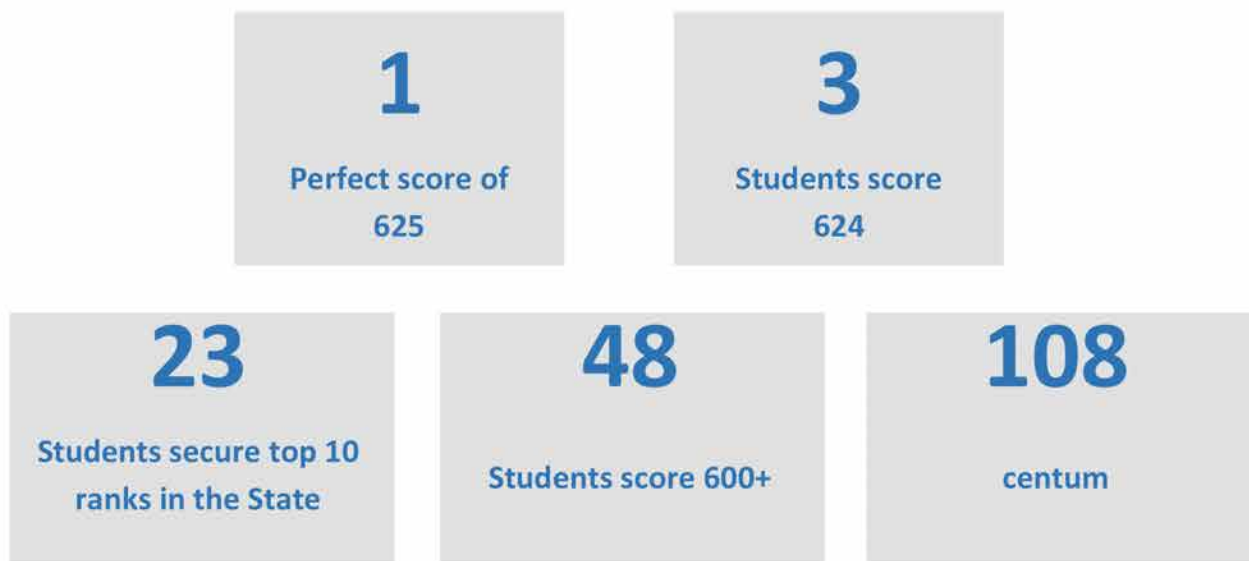

Dear Vijaya members,

Our vision is to become an excellent Learning Centre focusing on Academic Excellence, Values and Life Skills. Our commitment to this vision inspires us to design learning programs to engage students in learning life skills, values and academics. We consciously plan our programs to inspire young learners to explore the world around them. Our core activities engage them in arts, sports, environment conservation, meditation, science, maths and life skills learning. Partnership with parents and students has made it possible to provide a conducive atmosphere for impactful learning both within and outside classrooms.

The leadership of our Founder Director Tara S Swamy helps all the stakeholders to align their thoughts and actions for the overall wellbeing of students. Her clear vision and motivation has led Vijaya to reach splendid milestones. All our efforts are reflected in the way our children face their world with confidence. The glorious victories in sports, dance, music, art and academics showcase the educational process at Vijaya.

The SSLC board examination results are the major highlights of the rigorous academic programs at Vijaya. We have set extremely high records in SSLC results at the state level. Our student Pragathi M. Gowda secured **first rank** (2018-2019) in the state by scoring 625 out of 625 marks preceded by the first rank last year by M K Kaveriappa (2017-2018).

SSLC Result Highlights - 2018-19

Vijaya Pre-school

Young children enter our Vijaya learning centre with a lot of curiosity and imaginations. Here at Vijaya we facilitate each child to construct his/her own knowledge based on what they already know. All the teachers and staff create a safe and warm environment for young children to blossom. Our opening day is a celebration for us, we take this opportunity to build trust and connection with the children. We believe it is our responsibility as care givers to understand the needs and interests of children. Hence all our programs are built around child's interest and needs.

Children in our Pre-school wonder, inquire, ask questions to explore the world around. Our teachers play a role of facilitator and help them to develop all the necessary concepts and skills. Our major focus is on language learning, socio- emotional learning, basic numeracy and physical literacy. Our motto is to develop each child to its fullest potential. We take meticulous efforts to find talents, technique and character of each child and reward them with a daring annual fest. This practice helps students to value their talents and nurture them.

Pre-school Reopening

Pre-school Activities and Celebrations

Celebrating Kannada Rajyothsava...

Proud to be Indians...

Celebrating Christmas...

Primary and High School Reopening

The School reopened on May 27, 2019. It was a prayerful celebration for all the Vijaya members. Each year we initiate the learning journey with a meaningful action. This year, all teachers and students passed flowers and finally offered to the goddess Saraswati installed in the school. This act reminded of the duties and responsibilities as students and teachers. As we passed each flower, we prayed the almighty to bestow greater strength and courage to excel in the learning journey. On this occasion, our Founder Director heartily welcomed all the new students and teachers to the family.

World Environment Day

The World Environment Day was celebrated in our school on June 6, 2019. It was a colourful and thought-provoking celebration. The chief guests for this celebration were Mr. Subbaswamy, President, Hasirubhumi Prathistana and Mr. Puttaiah, member, Hasirubhumi Prathistana. Mr. Puttaiah with his years of experience in Hassan expressed his concerns towards the environmental development in Hassan. He inspired students to be responsible and take actions to keep their city clean and environmental friendly. He shared with us some of the important steps taken during his activity to restore the nature in Hassan. His speech left us thinking on how we can contribute in our own ways to keep the mother earth safe from pollution and hazardous activities. It indeed provoked us to redefine the concept of development in modern times. He encouraged students and teachers to be connected to nature and respect her for all the resources she has provided us to live a happy life. Students from various grades staged meaningful songs and dances. This celebration strongly gave a message of giving back to nature.

Together for a better world...

International Yoga day

June 21st is celebrated as Yoga Day all over the world. The International Day of Yoga was introduced in the year 2015. This day was conceived by our Prime Minister, Mr. Narendra Modi. He said, "Yoga is an invaluable gift of India's ancient tradition to the mankind. It embraces unity of mind and body; thought and action; restraint and fulfilment; harmony between man and nature; a holistic approach to health and well-being. It is not about exercise but to discover the sense of unity with yourself, the world and the nature. By changing our lifestyle and creating consciousness, it can help in well-being."

The teachers and students celebrated International Yoga Day at Vijaya School with great gusto. Students demonstrated various asanas. Followed by the explanation of the importance of each asanas the students performed Sarala yoga (warm up exercises). Our Headmaster encouraged the students to practice regular yoga to remain fit and improve concentration.

Highlights from the International Yoga Day celebration

Independence Day

In the words of Albert Camus, 'Freedom is nothing else but a chance to get better'. The freedom we enjoy today is the result of the sacrifice, sweat, and blood of many Indians. Therefore, it is imperative to honour their valour and courage for sacrificing their life for our country. We celebrated Independence Day with pride and patriotism. Mr. Subba Swamy, President- Hasirubhoomi Prathistana along with other dignitaries hoisted the flag. Our students performed several programs which evoked the feelings of patriotism and oneness. In addition, our students took part in the district level march-past for the first time at Hassan Stadium on the account of Independence Day celebration. It was indeed spectacular.

Celebrating our freedom

Gandhi Jayanti

Every year we celebrate Gandhi Jayanti on October 2 to recall the great contributions of our father of nation, Mahatma Gandhi. Although we celebrate this Jayanti every year, we have an immense knowledge to be gained from the life of Gandhi. So, every year we learn new aspects of his philosophy and reiterate his principles of ahimsa and satyagraha. As a part of the celebration, Bajans were chanted in a meditative atmosphere.

Kannada Rajyotsava

Kannada Rajyotsava is celebrated with enthusiasm in the entire state of Karnataka and among Kannadigas all over the world. The state flag is hoisted and state anthem is sung on this day. Rajyotsava celebration is an inclusive celebration of all Kannadigas. Every Kannadiga from all walks of life, socio-economic and cultural background celebrates this day with pride and happiness. At Vijaya, this is a celebration of various art forms, cultures, heritage and bio diversities of Karnataka. We celebrate the oneness and diversities we hold in the state of Karnataka. All the students enthusiastically participated in this event.

At Kannada Rajyotsava Celebration

Ms. Tara S. Swamy congratulates Mr. Shivkumar R. for receiving district drawing award on Kannada Rajyotsava Day

Children's Day

It was a fun filled day for the students of Vijaya School. The programme started with a beautiful welcome song by our Teachers. Student's representatives shared their experience as a Vijayite. Our beloved Founder Director encouraged the students to nurture the child within to unleash the real potentials in all of us. She also stressed on the point to enjoy student life and fulfil all the responsibilities as students. Finally, the teachers entertained the children with varieties of programmes like songs, dances, fashion show and skit. Students enjoyed to the core seeing their teachers performing for them.

Staging a gala of events

essence

We encourage all our students to explore and engage in the world around. Essence was one such event to experience the essence of science, math, business studies and art. Students brought in all their learnings of science, math and art on this day through various models, prototypes and displays. We successfully conducted this event on November 14, 2019. Our whole community was thrilled to see the creativity and confidence of students in the event. It was indeed a platform for knowledge sharing.

Let the talents bud and flower...

Science Corner

Indeed! It is platform created for our children to display their creative inventions and talents

Math Corner

Vijayotsava 2019-20

We celebrated Vijayotsava on January 3 and 4, 2020. Vijayotsava is a true celebration of students' success in various arenas. Almost all students participate in Vijayotsava events. We promote participation than on winning. This annual event in the school gives opportunity to students to explore their hidden talents. Every year we see students coming up with various talents and awe us with their performances. Our chief guests: Mr. C.T. Malaligowda (President), Rtn. Dr. Mamatha B.S, Mr. Hemmige Mohan, Mr. Sandeep H.P and Ms. B.M. Bharathi Hadige graced the occasion and encouraged our students to participate more in all the events.

Grand conclusion of Vijayotsava with a Samoohika Bhojana

10th standard students and teachers invoking the blessings of Saraswathi

Souharda Koota

Every year we host a lunch for all the out- going students and their parents at school. We call it as 'Souharda Koota' a meet of students, parents and teachers. It is an event to celebrate the collaboration of students, parents and teachers in the over- all wellbeing of students. We invited Dr. Pavan Kumar, Scientist, DRDO to address our students on what next after SSLC? How to choose career? What are the essentials to succeed in any professional? His talk was helpful for both students and parents.

Manuscript Magazine

Manuscript magazines are a collection poems and drawings prepared by students. This magazine is all about children, they are the editors and designers. Each year students contribute their work on a particular theme. We are getting wonderful responses from students since the time we started this magazine. This year we have compiled 34 manuscript magazines from grade 1 to 10.

Parents' and Grandparents' Sports

The support and encouragement of the parents is our strength. Vijaya School organized sports and craft event for the parents of our students at Vijaya School. It was a pleasure to see parents exhibiting their skills in various sports and crafts. All the parents, grandparents, children and teachers enjoyed the event.

Another feather in the cap

We have been encouraged under the able guidance of our Founder Director to aim at not only what is the achievable but also what is beyond that limit. We have been securing good results since many years. This year's SSLC results were phenomenal. Our students had set a mark at state level. We had a great time congratulating all the achievers of the SSLC batch 2018-19. We are truly proud of our students for securing state ranks - Pragathi M. Gowda (1st rank) and Abhin B., Krutharth R. and Vinay R. Gowda (2nd rank). All the achievers were felicitated and awarded 'Vijayashree'. awards and cash prizes. A moment of great encouragement and contentment.

Sports Competition

Sport *“To uncover your true potential you must first find your own limits and then you have to have the courage to blow past them.” – Picabo Street.* Our students have won a total prize of 156 in various sports competitions, to be precise 90 prizes in District level, 14 in Divisional level and 52 in State level. One was selected to represent Karnataka in National level. Our track record in sports field is laudable

*Relay- District level winners,
State level participants*

*Yoga- District level winners,

Enrichments for students

Vijaya School management is always very keen to provide and promote not only academic knowledge to its students but give them also that extra knowledge which help them to live their daily life in a better manner. The workshops, talks, film shows and all other activities provide our students with an opportunity to develop skills, values, concepts to face the challenging world with courage and confidence. Our school is always keen on providing academic knowledge along with the skills and attitudes which enable our students to become active citizens.

We are proud of our alumnus Sanketh P. Bharatheesh who is now pursuing Masters in Architecture in the University of Notre Dame, Indiana, USA. He interacted with our students on his journey from Vijaya school to the world of architecture.

Community services

Serving our community has been a core aspect of our school. We believe that it is the responsibility of every individual to serve the needy and poor. Right from the early years we sensitize students for serving the community in various capacities. This year during the floods, all the Vijaya members felt the need to respond to the situation and distributed bare essential kits to the flood victims. We were able to raise the fund of rupees 1,50,000 with the support of parents, students and teachers. A team of students, teachers lead by Tara S Swamy and Subba Swamy visited the flood camps in August, 2019 at Bidarahally, Mudigere and Holenarasipura and distributed the kits to the needy. This experience reinforced the idea of service among students and teachers.

As an earth friendly school, our work in environmental conservation is worth mentioning. We have adopted few ponds namely Doddakondagula Ammakatte, Chikkahonnenahalli pond in our locality. We have planted and are still maintaining around 100 varieties of plants in these areas. In collaboration with the local NGOs and government departments we are able to bring a change in our own community.

Extending a helping hand to the flood victims

Eco Club

The members of Vijaya eco-club take immense pride in saying that we are rendering our service to the Mother Earth on 2nd and 4th Sundays of every month under the leadership of Mr. Subbaswamy the Rtd. Executive Engineer and the President of Hasirubhoomi Pratishtana. It's our great responsibility to create service mindedness in every student of our school. Hence, we take the children to various places such as ponds, lakes, government properties etc... and render our service by rejuvenating the lakes and ponds and also by planting various plants.

Happy to be nature-friendly

Our beloved President Mr. C.T. Malaligowda Celebrating 90 Golden years!

Vijaya family congratulate you on the celebration of your 90th birthday. May your days be filled with the warmth of God's love and the sweet companionship of friends and family. May each day bring forth precious memory of the past as well as the chance to create another amazing memory tomorrow.

Theme of the year 2019-20

Say No to Junk Food

Consume healthy food.

Stay healthy
